### PUBLICATION: : John Mary of La Mennais An Anthology taken from his writings

The anthology of John-Mary de la Mennais edited in 1980 thanks to the work of Brother Marcel Doucet finally appears in English.

It was not an easy task for Brother Leonard Byankya to grasp the exact thought of our Founder and to express it in contemporary English. Often the confreres of the Generalate House were called upon to clarify the exact meaning of some expressions. We hope that the work, reviewed in final analysis by other confreres shall provide for the English-speaking brothers the instrument that was missing for a discovery of the spiritual and educational intuitions of our Founder.

### Così è un giovane cristiano.

After Maria Goretti and Antoniette Meo, Brother Dino Carolis, signed a new work dedicated, this time, to a young Italian of 20 years, Gino Pistoni (1924-1944)

Gino sanctified himself in the heart of the Catholic Action of his diocese of Ivrea. He died of wounds while bringing help to an enemy soldier calling for aid.

His cause of beatification is in progress in Rome. Cardinal Tarcisio Bertone, Secretary of State of the Roman Curia has accepted to make the presentation of the cause.
